In addition, the pool complex houses a free-forming adult pool, allowing families to enjoy their time together. Poolside food and beverage service is always offered. There are several cabanas available to reserve for that special family gathering or to simply take a break from the sunshine. Spend time playing bag toss or giant jenga or just relax and catch some rays!

BOCCE BALL

Bocce is a blend of pool, shuffleboard, Italian cultural memories, and social engagement for the players in its leagues. It is often attached to Italian-American restaurants or as freestanding courts in parks. Teams typically have one, two, or four players. Our Bocce Ball court is located between the back patio and the practice putting green and is available without reservations.

We always offer our annual holiday brunches and dinners, such as Easter and Mother's Day; unique entertainment and specials for New Years Eve and St. Patrick's Day; pool opening kick-off parties; our always-anticipated Thanksgiving Pick-Up Party; member wine dinners, tastings, and sales; day trips to sporting and social events, such as Badger football games, Brewers games, Miracle Mile Shopping and Broadway plays in Milwaukee or Chicago; and First Fridays. Many of these social events require advance reservations and guests are always welcome.

WOMEN'S GOLF PROGRAMS

The Beloit Club is truly changing the game of golf by providing a comfortable place to learn. We offer the right programs that will enrich your life through golf. We specialize in offering fun, low stress programs in a group setting where people can spend time socializing, getting to know others, and reconnecting by being active outdoors. Our Women's Golf Academy, Girls Golf Days, and Family Golf Programs help unite friends and family together.

We embrace the life skills we learn from golf and present them within our programs. We know we don't always hit great shots or have great days, but golf teaches us coping skills to pick ourselves up and move forward. Golf teaches us to be brave and confident enough to be willing to get out there, make a swing, meet new people, and have the willingness to show up. These programs are designed not only to improve your golf, but to help you grow in everyday life.

GIRLS GOLF PROGRAM

This empowerment program teaches girls confidence, builds their self-esteem, works on their athletic abilities, and uses the game of golf to do that! With the assistance of Ironworks Golf Academy's LPGA and PGA instructors, these life-changing sessions bring girls ages 5 to 16 together in a comfortable learning environment that develops their golf skills through the **Five E's of Girls Golf: Engage, Exercise, Energize, Enrich, and Empower.** Featuring morning and afternoon sessions that focus on life skills we learn from golf and social activities, girls leave with new life-long friendships and feeling energized by the game!

FAMILY FUN GOLF PROGRAM

New this year, our Family Fun program allows your entire family the opportunity to spend quality time together and promote a healthy lifestyle. This program is designed for all skill levels. Instructors will develop a customized lesson plan for your family that will teach skill development, swing techniques, etiquette education, and most importantly, how to have fun with the game of golf. Family Fun offers four hours of instruction and education. You can customize the time of each session to fit your schedule.

WOMEN'S GOLF ACADEMIES

Our Women's Golf Academies are dedicated to women and designed for all skill levels. These low-stress, informative 90-minute academies meet weekly and are offered year-round. The program teaches techniques for putting, chipping, pitching, bunker work, and the full swing. To assist in improving your skill level at a faster rate, we start from the green and graduate back to the tee box. Students are also provided with on-course training on how to play and demonstrate proper rules and etiquette. **Our LPGA program director will provide beginners with Golf 101 information, such as what to do when you arrive at the course, what to wear, how to drive a golf cart, and how to feel comfortable practicing and playing golf.**

IRONWORKS GOLF ACADEMY

GOLF INSTRUCTION

The Ironworks Golf Academy was created by the Beloit Club and Ironworks Golf Lab management to satisfy the demand for player development programs that involve instruction, coaching, and club fitting. Our team of PGA and LPGA instructors and coaches has demonstrated a recognized ability to create significant and sustained improvement with students, while showing a clear passion for their craft. Our team has over 100 years of combined experience, led by 3-time Wisconsin PGA Teacher of the Year, Travis Becker. Our services are open year round to Beloit Club members and the general public.

CLUB FITTING/TECHNOLOGY

The Ironworks Golf Academy is one of only two Premier Fitting Centers in the state. Premier Fitting Centers feature Titleist and TaylorMade partners who make club fitting the centerpiece of their daily selling activities. The centers are equipped with over 5,000 club combinations and utilize launch monitors to offer a high level of service for golfers who want an in-depth and thorough fitting experience.

Our studios are equipped with a wider selection of fitting tools, state-of-the-art technologies, and certified club fitters to offer a high level of service. To compliment Titleist and satisfy our clients, our fitting family offers Callaway, Ping, TaylorMade, and Mizuno, the other leaders in the golf club industry. These companies have represented the #1 driver, iron, wedge, putter, and golf ball on the world tours for years.

Custom club fittings are offered through Ironworks Golf Academy at both the Beloit Club and Ironworks Golf Lab. **Please visit page 14 to read about additional technologies utilized by our instructors.**

Ironworks Golf Academy has also been named a Top 100 Club Fitter with Golf Digest.

BELOIT CLUB CADDIE PROGRAM

In 2017, the Beloit Club partnered with the Western Golf Association to offer caddies to our members and guests. In 1930, the Western Golf Association established the Chick Evans Scholarship for caddies, which is a full tuition and housing college scholarship. The average total value of an Evans Scholarship is \$80,000 per student. Currently, 910 students are enrolled at 18 leading universities, including University of Wisconsin-Madison, Marquette University, Northwestern, and University of Illinois. Since the first scholarship was awarded in 1930, more than 10,000 alumni have graduated from the program. Applications for the Evans Scholarship are accepted at the beginning of the senior year of high school. Applicants will be evaluated by the scholarship committee on the following criteria: strong caddie record, excellent academics, financial need, character, and leadership.

The Beloit Club enhances our golfers' experience by offering optional caddies, while providing an incredible opportunity for the local youth. Our goal is to educate our golfers on the benefit of utilizing caddies, setting the stage for a Beloit Club caddie to earn this wonderful scholarship. It will take hard work on the part of our staff to recruit and train caddies. Most importantly, it will take strong support from our members to utilize these caddies and encourage others to do so. Only with the support of our members will we be successful in reaching our goal of providing this great opportunity for some of our deserving local youth.

SAM PuttLab: Measures no fewer than 28 parameters of the putting stroke using ultrasound measurements.

TPI Studio: Used to find a way to allow each player to swing a golf club in the most efficient way possible, and can analyze how physical limitations can adversely affect the golf swing.

K-VEST: A golf-specific human motion learning system that allows you to see your swing, visualize proper movement patterns, measure full kinematic sequencing, and obtain perfect practice.
